Please fill out the permit application and email it along with your **insurance and a detailed plot map** of the filming location. Maps should show film location, parking, and other pertinent information.

Forest permits take a minimum of **4 to 6 FULL business days** to process an application (depending on size & scope of the project). **The processing of the application will not begin until the complete application, map and correct insurance are submitted all together.** Permits with drones, animals, simulated car wrecks, closure requests, special effects requests, etc., require additional review. If you have questions about how long your application might take, please contact FilmL.A.'s Production Planning Department.

A dual permit through FilmL.A.'s OPS and/or the California Film Commission may be required when filming on shares State and/or County maintained roads within the Angeles National Forest.
